

The Rt. Rev. Catherine S. Roskam Scholarship

**Awarded annually to a seminarian or
ordained woman pursuing advanced
theological education**

Bishop Roskam established The Global Women's Fund of The Episcopal Diocese of New York in response to a global need to empower women and promote gender equality. She recognizes that education is the key to increasing the standing and influence of women and that, once educated, women will work to lift up their local communities. This has been Bishop Roskam's vision for The Global Women's Fund.

What can you do?

- Request a presentation at your church, club or social gathering.
- Attend a GWF friend/fund raiser, as announced.
- Support a woman and her education.
- Donate to the fund.

*100% of your donation is used to
empower women through education.*

The scholarships and seminar grants are dependent entirely on the generosity of individuals and foundations that believe in the power of education to better the world.

The Global Women's Fund of The Episcopal Diocese of New York

**Empowering Anglican Women
through Education
in the Developing World**

*We seek to effect positive change by
educating Anglican women for
transformation of themselves,
their families, communities,
and the world.*

Kathi Watts Grossman Award

**Awarded annually to an outstanding
Seminar applicant**

Kathi is a founding member of the GWF and continues to support the work of the GWF and mentor Anglican women around the world.

The GWF initiative supports
UNCSW Sustainable
Development Goals

#4 Quality Education
and
#5 Gender Equality

The GWF awards scholarships to women seeking higher education in fields that make a positive contribution to their community. Applications are submitted through our designated advisers in the developing world.

The GWF also funds seminars for women and girls that address basic needs in their communities.

Both the individual scholarships and seminar grants are awarded annually.

Individual scholarships have been awarded for the following fields of study:

Accounting Business, Administration,
Civil Engineering, Community Development,
Criminal Justice, International Studies,
Economic Development Education,
Information and Technology,
Leadership Development, Medicine and Surgery,
Microbiology, Midwifery, Nursing Teaching,
Theology and Ministry

Seminar grants have supported the following areas of area need:

Leadership Training, Agribusiness,
Income Savings, Mental Health Skills,
Gender-based Violence, HIV, Youth, and
Self-Defense.
